- **Four Colour Printing**
- **Stand up Applicator**
- **Patent Protected**

The **Low Odour** & **Low Blooming** Cyanoacrylate Adhesives

- **NON ODOROUS**
- **NON BLOOMING**
- **NON WHITENING**
- **VARIOUS VISCOSITIES**
- **USABLE ON VARIOUS MATERIALS**
- **ONE PART**

- Hazard-label-free cyanoacrylates.
- Clean and easy to apply.
- Classified non-irritant, these provide even more benefits than their hazard-labelled forerunners.
- Typical fixture time of 20 – 60 seconds dependant on the substrates.
- Working temperature between -55°C to 70°C.
